

**KATH DICKSON FAMILY CENTRE WAS FOUNDED IN 1975 BY MISS KATHLEEN DICKSON,
A WOMAN DEDICATED TO THE NEEDS OF CHILDREN AND THEIR FAMILIES.**

OUR VISION

KDFDC provide the community with affordable, flexible, quality child care in a nurturing family environment to advance the education and wellbeing of children, educators and families.

OUR PHILOSOPHY

Our service believes that children and families are the foundation of our community.

Children have the right to belong in safe, secure environments where they can develop a strong sense of identity.

We believe in fair and inclusive practices that support culture, individuality and diversity.

We promote rich educational and play-based environments, with a variety of experiences that engage children in their own learning.

The holistic development of children is enhanced as their needs and interests are responded to positively.

We advocate strongly for children, families, educators, coordinators and members of the wider community to participate in preparing children for their future in society.

We endeavour to build strong relationships with all stakeholders and act as a role model to promote sustainability and an awareness of environmentally friendly practices.

Together we believe we can make a difference as we continue to encourage our children, families, and community.
