

## Why should you complete this course?

**Child protection training is a mandated requirement for all individuals involved in the care and education of children in Queensland, in line with government regulations.**

*It's important to note that in-house training does not meet these requirements. The training must be completed through an accredited provider.*

Kath Dickson Institute is now offering *CHCPRT025 Identify and Report Children and Young People at Risk* as a stand-alone unit, providing an accessible way for education and care professionals to fulfil their legal obligations while gaining valuable skills that help keep children safe.
