

KathDickson
FAMILY DAY CARE

Our Vision

Kath Dickson Family Day Care provides the community with affordable, flexible, quality child care in a nurturing, family environment to advance the education and wellbeing of children, educators and families.

Our Philosophy

- o Our service believes that children and families are the foundation of our community.
- o Children have the right to belong in safe, secure environments where they can develop a strong sense of identity.
- o We believe in fair and inclusive practices that support culture, individuality and diversity.
- o We promote rich educational and play-based environments, with a variety of experiences that engage children in their own learning.
- o The holistic development of children is enhanced as their needs and interests are responded to positively.
- o We advocate strongly for children, families, educators, coordinators and members of the wider community to participate in preparing children for their future in society.
- o We endeavour to build strong relationships with all stakeholders and act as a role model to promote sustainability and an awareness of environmentally-friendly practices.
- o Together we believe we can make a difference as we continue to encourage our children, families, and community.
